2. **Fire Equipment Locations/Inventories, Pages 9-18, III, Specific Scope of Work, are deleted and replaced by the attached revised Pages 9-18.**

3. **Revised Attachment 5 – Bid Price is attached, which reflects the order of items as they appear in Scope of Work, and the addition of five locations listed in the Scope of Work.**

4. **Question:** I was working on the bid this weekend and I noticed a couple of buildings that were not clear on devices and information, My inquiries are as follows:

   Chamber of Commerce 119 North Gilbert Rd

   It states "Test security system smokes and heats", but no device count is listed. Can this information be provided, please?

   Page Park Center 132 W. Bruce Ave

   This one also states "Test security system smokes and heats", but no device count is listed. Can this information be provided, please?

   South Lift Station 4376 S. Greenfield Rd.

   This one has a fire alarm, but no panel information nor any devices listed. I would like to verify what type of panel and what devices report to it with quantity, please. The only devices listed are extinguishers, backflow and Halon system.

Answer: Please refer to the attached Revised Pages 9-18, Fire Equipment Locations/Inventories, III, Specific Scope of Work

5. **Question:** Please be advised of the following:

   Listing of Fire Equipment Location / Inventories (pages 9 – 18), and Attachment 5 – Bid Price do not match up.

   Location list shows 40 locations and Bid Price List has only 35 lines for Price Entry.

   Can we have the Location / Inventory List and the Bid Price List match exactly to avoid any confusion?

   Answer: Please see attached Revised Attachment 5 – Bid Price

All other specifications, terms and conditions of the solicitation shall remain unchanged.
