Photo

Add a photo to your request. This is highly recommended because we pull the location data from the photo to find the exact location!

Location

Enter the address of the issue or select the location finder on the bottom right to grab your current location.

Find Request Category

Start typing in the search bar to find a request category that fits your issue. If unknown, select "Other" and we'll assist!

-  Description
[Add your answer.](#)
-  Note
A street light outage/malfunction includes a street light bulb is out or flickering. For issues related to the red, yellow, green traffic signals, please submit under the "Traffic Signal Outage" category.
-  The exact location of the streetlight pole is needed for repair. Please provide the exact
[Add your answer.](#)
-  What is the number located on the streetlight pole?

Report

Add a description, review notes/messages, and answer any additional questions we've added to help resolve the issue.
