PARKS & RECREATION

Memorial Tree Program

The Memorial Tree Program allows you to dedicate a young tree to honor the birth of a child, express sympathy or honor a friend or relative who has passed away.

Trees in parks help reduce air and noise pollution and increase the real estate value of surrounding neighborhoods. This is a great way to memorialize an individual and enhance our local environment.

The memorial tree will be planted in a park or open space within the Town of Gilbert. Tree species, location and planting will be determined and accomplished by the Gilbert Parks and Recreation Department. Trees will be planted during the fall and spring planting seasons, but they may be ordered at any time.

Commemorative Bricks and Tiles

Honor a loved one or commemorate a special occasion with a permanent engraved brick paver or tile. Personalized tiles are located at the entrance of the Riparian Preserve at Water Ranch Lake. Brick Pavers are located at Cosmo Dog Park.

Tiles and pavers vary by location and size and number of engraved characters.

Memorial Bench Program

Memorial benches have become an increasingly popular way to remember and pay tribute to loved ones. This Program allows you to personalize either a 6ft or 8ft park bench to be placed in a park or open space area within the Town of Gilbert. The plaques are 2.5" x 6" with 3 lines of text available for your message.

You will work closely with the Gilbert Parks and Recreation Department staff to determine the ideal location for your bench or table.
